

Audit-ready CPD and supervision records for your **whole team**

For clinics, HSE teams, disability services, social care providers and practices in Ireland and the UK

The problem for managers

Any registrant can be selected for a CPD audit. When that happens, they need a complete 12-month record with reflections, not a folder of certificates and a scramble. Supervision notes and agreements are often scattered across paper, email and personal drives.

What myCPD gives your team

One secure place for every staff member's CPD, supervision sessions, signed supervision agreements, notes and meeting minutes, ready to export whenever an audit, appraisal or registration renewal comes round.

Included for every team member

- ✓ **Audit-ready CPD export**
Supports CORU, NMBI and HCPC record-keeping formats.
- ✓ **Supervision log & reports**
Sessions and reflections count toward CPD hours.
- ✓ **Supervision agreements**
Send by email and e-sign. No account needed to sign.
- ✓ **AI-assisted reflections**
Turn quick notes into structured reflective entries.
- ✓ **Notes & meeting minutes**
Team learning and meetings kept with the CPD record.
- ✓ **Named administrator**
A team contact for onboarding, seats and invoicing.
